*"Dear Nigel,
I write on behalf of Munster Rugby to sincerely thank you and all involved for your kind hospitality and friendship in hosting us in such a professional manner. The facilities, food and opposition were excellent and exactly what we required in advance of our upcoming Inter Provincial Series. The team bonding that the players experienced from this trip will be invaluable and the values and traditions of our game that you and Munster Rugby hold dear were very evident in everything that you said and did for us."

*"It was a great experience for the boys to train at a venue used by a number of French top 14 clubs. The players were taken out of their comfort zone in terms of the intensity of the training but the boys showed their team spirit and unity by pulling together and proving the talent they have. They showed much skill in both attack and defence against Tyrosse and thoroughly deserved their win."
St Johns London Director of Sport and 1st XV coach Nick Platt*

SPORTS TOURS

An overseas sports tour is the highlight of many peoples' school days and we want your tour to be just as special. We have a very strong network of friends around the globe who can help in a very personal manner to make your tour special. We can also offer volunteer activities in some areas of need, as an optional extra, so you can really immerse yourself in the local culture. We pride ourselves on our strong personal relationships with our client schools that go back over ten years in many cases.

We take out time to work with you from the concept stage to create a bespoke itinerary tailored to suit your particular requirements. The people you meet on the ground are our people, who live and work in the communities you will visit and you will benefit from our relationships with them.. Their local knowledge is invaluable, not only when it comes to ensuring that fixtures are evenly matched, but also in making sure that you really get the most out of your experience.

*"Trip was fantastic and brilliantly organized, the venue was ideal for pre season and the games were of a very high level which is just what we needed, we got back up to speed very quickly which was the goal"
Ivan Ovington, Master in Charge Hockey, St. Andrews College (Hockey, Holland)*
